BROUGHT TO YOU BY:

Join the Shinka Management Lean Japan Tour for an experience of a lifetime.

Immerse yourself over one week into the original Japanese thinking behind lean and its successful application across a range of industries. Whether you are new to the concept of lean, or searching for that next level of achievement, you will come home with a better understanding of how a continuous improvement culture can be embedded across your organisation.

The Challenge

Many organizations have attempted implementing lean management programs in recent years, but there are limited cases of its successful and ongoing implementation outside of Japan. There are some key reasons behind this:

1. Companies have never seen a genuinely successful example to benchmark against.
2. Companies overlook the people and culture side when implementing lean programs.
3. Companies miss the true essence of lean due to a flood of misinterpreted material and opinions in the marketplace.

Benefits of the Tour

The Lean Japan Tour will broaden your thinking and build your knowledge of lean management principles. You'll experience lean implementation in some of Japan's top companies, and develop the understanding necessary to implement these within your organisation.

Shinka Management consultants have been running the Lean Japan Tour since 2007. The program includes an intensive week of training, company tours, senior management discussions and Japanese cultural experiences. We look after you from the moment you touch-down in Nagoya, providing transfers, accommodation and meals, cultural guidance and interpreting services.

Companies we visit

Shinka Management has an extensive network of world-leading Japanese lean companies.

Toyota
Rinnai Corporation
Metal One
Aijinkai Healthcare Corporation
Kikkoman
Gifu Auto Body
Panasonic
Sekisui Heim
Denso
Omron
Hamamatsu City Government
Chuo Malleable Iron
INOAC
Kirin Brewery
Osaka City University Hospital
Taikoh Transportation

Lean Concepts

Move beyond theory and experience lean manufacturing in action. During shop floor visits you'll see excellent examples of lean concepts in action.

5S / TPM
TPS / Just-In-Time / Jidoka
TQM
Standard Work
Kanban
Visual Management
Employee Suggestion Schemes

During the tour you'll go beyond the fundamentals, and discuss managers' experiences in implementing a kaizen culture across an entire organization.

You'll return home ready to help your company take its next step in its lean journey.

Comments from Previous Tours

"Personally and professionally I found the week extraordinarily rewarding – not only as a fantastic lean tour but also as a cultural experience not to be missed."

"I have emerged with a new passion and enthusiasm for Lean Manufacturing. If you have the opportunity to participate in this fantastic tour, you will not regret it, it is an investment in you and your company's future."

"The tour was a seamless and professional experience. This is not just a tour for production people but for everybody with an open mind to improving processes."

"Outstanding, highly recommended - I don't have this much fun when I go on holiday. To see the cultural home of Lean Manufacturing is an experience you will never forget."

Visit the Shinka Management website to view all client comments.

Highlights from the Tour

Toyota Motor Corporation - Gifu Prefecture

Take a behind-the-scenes tour of a Toyota production plant not open to the general public. The Gifu Auto Body honsha plant is responsible for the manufacture of the Toyota HiAce van and Toyota Coaster bus, and is consistently rated top within the Toyota Group for quality. The tour, led by a former factory manager and kaizen leader, focuses on the two pillars of the Toyota Production System; Jidoka and Just-In-Time.

Metal One Isuzu – Aichi Prefecture

Learn from a company that is the epitome of 5S implementation and standardisation. Isuzu specialises in the processing and sales of cold rolled steel, and understands that in order to remain profitable in an old economy industry, it must focus on cutting costs by boosting business efficiency. The company boasts an excellent corporate culture and an engaged, dedicated and vibrant workforce.

Rinnai - Aichi Prefecture

Visit a gas appliance and electronics company obsessed with quality. At Rinnai all employees participate in continuous improvement and Total Productive Maintenance efforts. Following the mantra 'quality is our destiny', Rinnai strives for a zero-defect status. Managers will lead a plant tour and presentation of Rinnai's business, with a focus on its multi-product, mixed-flow production system based on actual demand.

Toyota Body Seiko - Gifu Prefecture

Experience the Toyota Production System in action with excellent examples of JIT delivery, kanban, poka-yoke and 5S at Toyota Body Seiko, a first-tier supplier to the Toyota Group. The tour group will visit the welding and assembly operations, with the tour and discussion led by a former factory manager.

Suzuki Industries - Gifu Prefecture

Chairman Suzuki will lead us on a factory tour of this second-tier supplier to the automotive industry of pressed, welded and assembled components. The visit will focus on the implementation of kanban, excellent examples of poka-yoke, and demonstration of their efforts with SMED.

Lean Seminars and Toyota Production System Training Dojo

Reinforce your understanding of lean fundamentals through seminars delivered on the Japanese approach to lean. Topics include the Toyota Production System, standardized work, time studies, work sampling and leading and implementing a lean culture. The group will also participate in practical training sessions in a lean training dojo.

Japanese Cultural Experience

Enjoy a journey like no other as you immerse yourself in an exhilarating mix of cultural and sightseeing experiences. Take in Japanese food and culture and explore some of Japan's most amazing urban landscapes. The tour will commence with a seminar on Doing Business with the Japanese to provide participants with an understanding of Japanese culture and customs, business etiquette and insights into the management culture of Japanese companies.

Visit <http://shinkamanagement.com/tour> for further details and tour dates.

Recommended International Flights

Participants are required to make their own air travel arrangements to and from Nagoya. This region of Japan is served by Chubu Centrair International Airport (NGO), 35km south of Nagoya. You will be met at the airport on arrival and a transfer to our hotel will be provided. Please time flights such that you arrive at the hotel in Nagoya by no later than 4pm on the starting Sunday of the tour.

Optional - Arrival in Tokyo

Participants may optionally choose to arrive at and depart from Narita International Airport (NRT) or Tokyo Haneda Airport (HND). For those requiring assistance in travelling between Tokyo and our hotel in Nagoya, meet service and bullet train transfers can be arranged. The cost of the train transfer between Tokyo and Nagoya is to be borne by the participant. Please allow around three hours for this transfer.
