BROUGHT TO YOU BY:

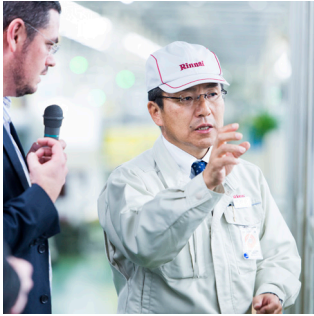

SUPPORTED BY:

Join the Shinka Management Lean Japan Tour for an experience of a lifetime.

Immerse yourself over one week into the original Japanese thinking behind lean and its successful application across a range of industries. Whether you are new to the concept of lean, or searching for that next level of achievement, you will come home with a better understanding of how a continuous improvement culture can be embedded across your organization.

The Challenge

Many organizations have attempted implementing lean management programs in recent years, but there are limited cases of its successful and ongoing implementation outside of Japan. There are some key reasons behind this:

1. Companies have never seen a genuinely successful example to benchmark against.
2. Companies overlook the people and culture side when implementing lean programs.
3. Companies miss the true essence of lean due to a flood of misinterpreted material and opinions in the marketplace.

Benefits of the Tour

The Lean Japan Tour will broaden your thinking and build your knowledge of lean management principles. You'll experience lean implementation in some of Japan's top companies, and develop the understanding necessary to implement these within your organization.

Shinka Management consultants have been running the Lean Japan Tour since 2007. The program includes an intensive week of training, company tours, senior management discussions and Japanese cultural experiences. We look after you throughout the program, providing domestic transport, accommodation and meals, cultural guidance and interpreting services.

Companies We Visit

Shinka Management has an extensive network of world-leading Japanese lean companies.

Toyota
Metal One
Kikkoman
Gifu Auto Body
Panasonic
Sekisui Heim
Subaru
Denso
Omron
NK
Hamamatsu City Government
Chuo Malleable Iron
TESSEI
Toyota Boshoku
Osaka City University Hospital
Taikoh Transportation

Lean Concepts

Move beyond theory and experience lean manufacturing in action. During shop floor visits you'll see excellent examples of lean concepts in action.

5S / TPM
TPS / Just-In-Time / Jidoka
TQM
Standard Work
Kanban
Visual Management
Employee Suggestion Schemes

During the tour you'll go beyond the fundamentals, and discuss managers' experiences in implementing a kaizen culture across an entire organization.

You'll return home ready to help your company take its next step in its lean journey.

Comments from Previous Tours

"Personally and professionally I found the week extraordinarily rewarding – not only as a fantastic lean tour but also as a cultural experience not to be missed."

"I have emerged with a new passion and enthusiasm for Lean Manufacturing. If you have the opportunity to participate in this fantastic tour, you will not regret it, it is an investment in you and your company's future."

"The tour was a seamless and professional experience. This is not just a tour for production people but for everybody with an open mind to improving processes."

"Outstanding, highly recommended - I don't have this much fun when I go on holiday. To see the cultural home of lean manufacturing is an experience you will never forget."

Highlights from the Tour

Toyota Motor Corporation

Take a behind-the-scenes tour of a Toyota final assembly plant and witness the two pillars of the Toyota Production System in action; Jidoka and Just-In-Time.

Metal One Isuzu

Learn from a company that is the epitome of 5S implementation and standardization. Isuzu specialises in the processing and sales of cold rolled steel, and understands that in order to remain profitable in an old economy industry, it must focus on cutting costs by boosting business efficiency. The company boasts an excellent corporate culture and an engaged, dedicated and vibrant workforce.

Suzuki Industries

Former Chairman Suzuki will lead us on a factory tour of this second-tier supplier to the automotive industry of pressed, welded and assembled components. The visit will focus on the implementation of kanban, excellent examples of poka-yoke, and demonstration of their efforts with SMED.

NK

Visit a precision automotive parts manufacturer dedicated to continuous improvement. Hosted by the former factory manager, this site visit showcases a smart factory approach that applies IoT tools to manage operational efficiency and quality.

TESSEI

Join the former Director and General Manager of TESSEI, Teruo Yabe, to hear the story of the turnaround of the subsidiary of East Japan Railway responsible for cleaning bullet trains on arrival in Tokyo. TESSEI struggled for many years with low morale, high staff turnover, safety incidents, operational errors, customer complaints and financial underperformance, prior to Mr Yabe being assigned to turn around the company's poor performance, a journey which is now the subject of a Harvard Business School case study.

Toyota Commemorative Museum of Innovation and Technology

This museum showcases innovations in the fields of textile and automotive manufacturing, and includes dynamic exhibits and demonstrations of machinery, including the famed Toyoda Power Loom regarded as the origins of Jidoka within TPS.

Lean Seminars and Toyota Production System Training Dojo

Reinforce your understanding of lean fundamentals through seminars delivered on the Japanese approach to lean. Topics include the Toyota Production System, standard work, time studies, work sampling and leading and implementing a lean culture. The group will also participate in practical training sessions in a lean training dojo.

Japanese Cultural Experience

Enjoy a journey like no other as you immerse yourself in an exhilarating mix of cultural and sightseeing experiences. Take in Japanese food and culture and explore some of Japan's most amazing urban landscapes. The tour will commence with a seminar on Japanese Business Etiquette to provide participants with an understanding of Japanese culture and customs, business etiquette and management culture.

Visit <https://shinkamanagement.com/tour> for further details and tour dates.

Recommended International Flights

Participants are required to make their own travel arrangements to and from Tokyo*. This region of Japan is served by Narita International Airport (NRT) and Tokyo Haneda Airport (HND), and is connected with other international airports via Japan's extensive train network. Please time flights such that you arrive at the designated hotel by no later than 4pm on the starting Sunday of the tour.

*The tour may start and finish in a different city depending on the tour schedule. This will be advised at the time of tour confirmation.

Sample Tour Itinerary*

Sunday: Arrive Tokyo

- Tour briefing & orientation
- Japanese business etiquette seminar

Monday: Briefing & Site Visit
